### General Meeting

to be determined at a later date

## Quinte Woodcarvers Information

### Executive members

Dave Hatton is continuing as President

Lisa Thompson is Vice President

Craig Alderson is Treasurer

And the newest addition is

Karen Munro who has volunteered to be Secretary

### Other Clubs Carving Shows

We are always looking for people to represent our club at different carving shows. We don't need the volunteers to stay the entire day just show up wearing your club shirt for a couple hours. This will show our support to other clubs that organize carving shows in Ontario. Please contact David Hatton regarding what other shows that are coming up. It is very interesting to see how other clubs run their shows and competitions.

### Club Executive

We are always looking for help on our executive. The executive keeps the club running and organizes our carving show. If you have an idea to help improve the club, please let one of the executives know. Remember that it takes work to run a club and the more hands helping with the work, the smaller amount of work everyone has.

## Quinte Wood Carvers Competition and Show. Were Back for 2023

We are having a show on April 15, 2023 at the Quinte Sports and Wellness centre.

The executive is very excited that the show will go on this year. Our only problem is we have approximately half the members as we had for our last show in 2019. This means we will be depending on the whole club to help out. Any members who has a spouse, family member or friends who would like to come help out please let us know. The more help the better the show will go.

### Please Welcome Conrad Fernandes

The newest member of Quinte Woodcarvers. He is also a member of the Marquetry Society of Canada. He is going to be working with us on Monday afternoons and possible Thursday evening. Demonstrating to anyone who interested in Marquetry. He has all the tools and the supplies needed to try out this new artistic venue free of charge for any of the Quinte Wood Carvers. Anyone interested is welcome to come in and talk to Conrad and see what this is all about. He can tell you what is needed to get started and where you can get supplies, everything that you could ask for. He will be also teaching during this time for members interested.

### George Cockayne award 2023

Every year we try to find a person who has stood out to all for unselfish dedication to the art of woodcarving in the Quinte area. Anyone who has a nomination for this award please contact Lisa Thompson.

### **NEW MEMBERS ARE WELCOME.**

They can drop in any Monday afternoon or Thursday evening and see what we are all about. They need no tools or wood for the first little while the club has some they can borrow for the short term.
